

PREMIUM CLEANER/DEGREASER CONCENTRATE

# CHALLENGER™

WATER SOLUBLE NON-ABRASIVE PC-737

CORROSIVE LIQUID, NOS  
(Contains Potassium Hydroxide)  
**UN 1760**

CORROSIVE  
LABEL  
REQUIRED

**THIS CONCENTRATED CLEANER / DEGREASER  
TACKLES EVERY CLEANING CHALLENGE**

- Concrete
- Ceramic Tile
- Tubs/Showers
- Cars & Trucks
- Garage Floors
- Engines
- Boats
- Carpet Stains
- Greasy Filters
- Barbecue Grills
- Aluminum Siding
- Fireplace Doors

## TACKLES EVERY CLEANING CHALLENGE!

### SPRAY CHALLENGER ON... RINSE GREASE AND DIRT OFF!

Grease and grime will just wash away if you follow these easy directions. Always apply CHALLENGER onto the surface first. Then rinse well with water, preferably warm or hot. If the area to be cleaned is very greasy, allow Challenger to penetrate for a minute or two. See directions for diluting.

### DILUTE CHALLENGER AND SAVE MONEY!

CHALLENGER PC-737 is a strong concentrate and meant to be diluted for most purposes. You'll find you can save money by diluting CHALLENGER and have the convenience of one cleaner/degreaser to tackle every cleaning challenge. CHALLENGER may be diluted up to a ratio of 2 oz. per gallon of water. When diluting, the best guideline to follow is "the greasier the surface, the more CHALLENGER you'll need." On very greasy surfaces, CHALLENGER may be used full strength. Always dilute at least 4 to 1 with water before spraying on soft paints such as latex or white metals such as aluminum or magnesium.

TEST IN AN INCONSPICUOUS AREA BEFORE USING.

**METHODS OF CLEANING: BY HAND:** Apply with a spray bottle (dilute as necessary), let CHALLENGER penetrate the surface for a minute or so and rinse with water.

**POWER WASHERS, FLOOR SCRUBBERS, ETC.:** Prespray surface with a garden sprayer. Rinse with water using a garden hose or power washer. For floor scrubbers, follow manufacturer's directions.

**CAUTIONS:** CONTAINS POTASSIUM HYDROXIDE AND TETRAPOTASSIUM PYROPHOSPHATE. May be fatal if swallowed. Causes severe eye and skin burns. Do not taste, swallow or breathe. Avoid contact with eyes or skin. Always use protective clothing, including long sleeved shirt, long pants, socks, waterproof shoes or boots, safety goggles and rubber gloves. DO NOT MIX WITH OTHER CHEMICALS OR HOUSEHOLD PRODUCTS. Close container after each use. Do not transfer to unlabeled containers.

**WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

**FIRST AID:** If on skin — Remove contaminated clothing immediately. Flush skin thoroughly with water for 15-20 minutes. Seek medical attention. **If in eyes** — Remove contact lenses if present. Hold eye open and rinse gently with water for 15-20 minutes. Seek medical attention. **If swallowed** — Rinse mouth. Do not induce vomiting. Drink large quantities of water. Call poison control center, emergency department or physician immediately.

**WARNING!** When empty, hazardous liquid and/or vapor may remain in this container and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind or expose to heat, sparks, flame or other sources of ignition. It may explode. Do not reuse empty container. Dispose of properly. **In case of fire:** Use foam, CO2 or dry chemical. Do not use direct water stream, it will spread fire. **In case of spills or leaks:** SMALL SPILLS: Soak up with absorbent material. LARGE SPILLS: Dike and pump into drums. Prevent material from entering drains, sewers or waterways. **Chemical emergency:** Spill, Leak, Exposure or Accident, CALL-CHEMTREC evenings or weekends 800-424-9300. During normal business hours (847) 541-5700. Use gloves and eye protection when handling. Ground container when transferring contents.

**HAZARD RATINGS/CLASIFICACIONES DE RIESGOS: HEALTH/SALUD 2 FLAMMABILITY/INFLAMABILIDAD 0 REACTIVITY/REACTIVIDAD 1**

**¡ADVERTENCIA!** Al vaciar este envase, puede quedar líquido o vapor peligroso al interior del mismo, lo cual puede ocasionar riesgos. No aplique presión ni corte, suelde de ninguna manera, perforo, esmerile, ni exponga a fuentes de calor, chispas, llama u otras fuentes de encendido. Este envase puede explotar. No vuelva a usar el envase vacío. Devuelva los envases vacíos a su proveedor para que sea reacondicionado profesionalmente para asegurar su seguridad; otros envases deben ser desechados adecuadamente. **En caso de incendio:** Use espuma, CO2 o químicos secos. No use un chorro directo de agua; esto causará que la llama se expanda. **En caso de derrames o pérdidas:** DERRAMES PEQUEÑOS: Recoger con material absorbente. DERRAMES GRANDES: Contener y bombear en tambores. Evite que el material ingrese a los drenajes, cañerías o corrientes de agua. **Emergencia de carácter químico:** Derrame, pérdida, exposición o accidente: LLAME A CHEMTREC en la tarde o fines de semana al: (800) 424-9300. Durante el horario de trabajo (800) 323-8611. Cuando lo maneje, use guantes y protección para los ojos. Aplique una conexión a tierra cuando transvase el contenido.
